

James Liu (director) to Isabella Levethan (designer)

Project: Chinese Tea microsite;

Look for clean-looking webpages and gourmet restaurant sites.

My focus on the site is on the different types of tea instead of the broader themes (origin, history, etc.)

Stick with some calligraphy/ ink stroke elements. It's a rather direct way to identify Chinese tea culture.

If you need more info or resources as you develop the site, email me at jamesliu@wustl.edu.
